Action: SP and Isabel to work on holding a stall in Queen Sq

SP to seek permission from WCC Licensing Dept.

Much concern was expressed by 2 of the 4 of us (a 3rd was ambivalent) re the Paul's poster in that it attacks Labour re Gaza. That GP does not engage in negative politics.

IG says certainly not in local elections. SP says "Ceasefire Now" would be adequate.

SP adds a note: Who IS the Coordinator of campaigns (predictive typing forces odd phraseology!)
Currently discontinuity between Isabel as Convenor of the SPG, Don as the most active, Paul, and SP!!!

The above should not be regarded as definitive.
